The 1977 California Information Practices Act requires UC Davis to provide the following information to individuals asked to supply information about themselves:

UC Davis is requesting this information to maintain accurate donor files in the Office of University Relations. Furnishing the information is strictly voluntary and it will be maintained confidentially. The information may be used by other university departments in the regular course of business but will not be disseminated to others except if required by law.

You have the right to review your own data file. Forward inquiries to Advancement Services, University of California, One Shields Avenue, Davis, CA 95616.

The UC Davis Foundation is a not-for-profit 501(c)(3) public benefit of UC Davis, and is recognized under the federal and state tax laws as a qualified donee for tax-deductible charitable contributions. Responsibility for governance of the Foundation, including investments, is vested in its Board of Trustees, which is composed of community leaders and senior campus administrators.

The university is grateful for the support it receives from alumni and friends. One of the ways our thanks is expressed is through listing the names of donors in various publications. Should you wish that your name not appear as a donor, please notify us, if you have not already done so. It is the policy of the University of California, Davis, and the UC Davis Foundation to utilize a portion of the gift principal and/or the short-term investment income on current gifts and grants to support the cost of raising and administering funds.
